BLOCK OF THE MONTH

March's block is a star and is very simple to piece. Remember we have general notes on foundation piecing that you can download from our website.

Spinning Star Block Diagram

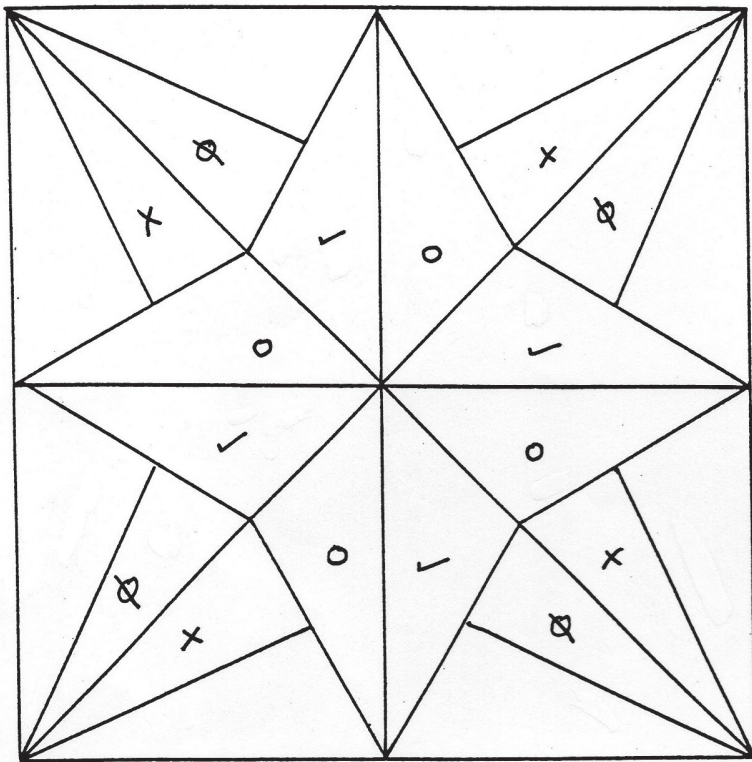

Diagram A

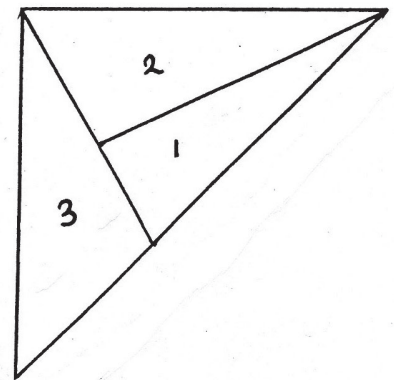

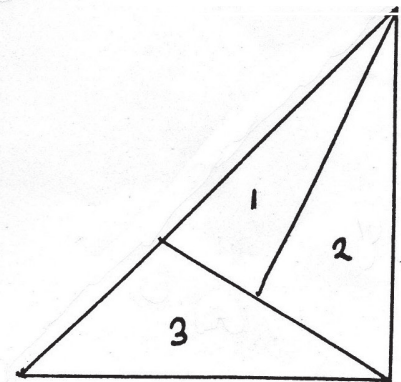

Diagram B

- Cut out your Block Diagram and carefully cut it into quarters along the lines.
- Now cut each quarter in half along the diagonal line. Piece each 1/8th section in the correct numerical order and fabric suggestion. Diagram A and Diagram B.
- Make sure that the fabrics extend the outer lines by at least 1/4in. With your quilting square trim the fabrics leaving a 1/4in seam allowance beyond the outer line of each 1/8th section. Carefully join the 1/8ths together to form the quarters, press seams open.
- Sew quarters together in pairs, press seams open.
- Sew halves together, press seam open.
- Remove paper. Block is now complete.
